

2nd Iberian Space Science Summer School

June 6-10, 2022

University of Alcala, Spain

28 students from 16 different countries

17 scientists with expertise in Sun-Earth interaction lectured

5 groups of participants tracked 5 Sun-to-Earth Events as hands on activity

Programme Committee Members:

Consuelo Cid, University of Alcalá, Spain

Patricia Doherty, Boston College, USA

George Maeda, Kyushu Institute of Technology

Christine Amory-Mazaudier, IPP, France

Ivan Dorotovič, Slovak Central Observatory, Slovakia

Shing Fung, NASA GSFC, USA

Bernd Funke, Instituto de Astrofísica de Andalucía, CSIC, Spain

Anna Morozova, University of Coimbra, IA, Portugal

Teresa Barata, University of Coimbra, IA, Portugal

Rui Pinto, IRAP, France

Ramon Lopez, University of Texas, USA

Karl-Ludwig Klein, Observatoire de Paris, France

Daniel Marsh, NCAR/University of Leeds, USA/UK

Antonio Guerrero, University of Alcalá, Spain

The Local Organization Committee:

Antonio Guerrero, University of Alcalá, Spain

Consuelo Cid, University of Alcalá, Spain

Elena Saiz, University of Alcalá, Spain

Manuel Flores-Soriano, University of Alcalá, Spain

Carlos Larrodera, University of Alcalá, Spain

Teresa Barata, University of Coimbra, IA, Portugal

Anna Morozova, University of Coimbra, IA, Portugal

Rui Pinto, IRAP, France

Organization

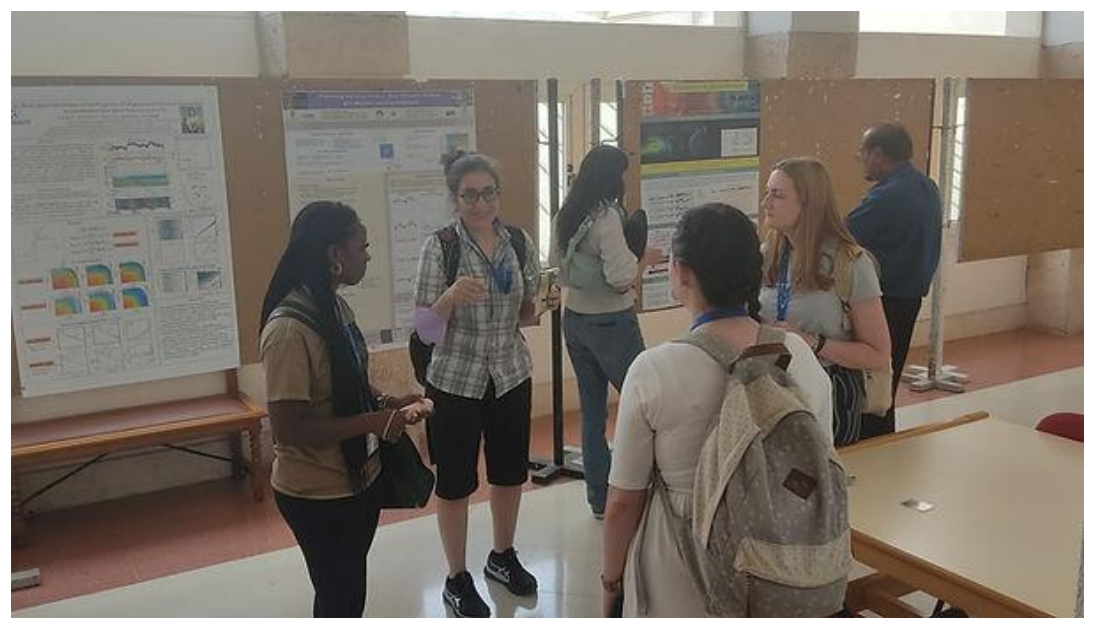

Co-Chairs:

Antonio Guerrero, University of Alcalá, Spain

Natchimuthuk Gopalswamy, NASA GSFC, USA

Kazuo Shiokawa, ISEE, Nagoya University, Japan
